We hope you will find the papers interesting and inspirational. The Editorial Board is endlessly obliged to the Reviewing and Advisory Council which includes Serbian and international reviewers. We are thankful for the full two decades of fruitful collaboration with all the colleagues who participated in the creation and maintenance of this journal. Together with reviewers, the Editorial Board keeps implementing strict criteria when selecting papers for publication. This is our contribution to raising the quality of science and research, both in Serbia and abroad. We are also very much grateful to our colleagues who sent the papers to have them considered for publication. Without their trust in the work of Editorial Board and Advisory Council, it would have been impossible to have this journal published for the past twenty years.
